

APPENDIX E

Whereas, in accordance with Guidelines for the 2019 Market Test of Trans Adriatic Pipeline, the Authorities will need to evaluate the compliance of the non-binding Capacity Requests with the Capacity Caps set out in points 3, 6 and 9 of section 4.7 of the Final Joint Opinion (FJO).

The submission of this Declaration of No Objection by Authorities (signed and dated) to TAP AG amounts to this confirmation. Interested Parties should submit this Appendix D to TAP AG at the latest **2 (two) weeks prior to the end of the Demand Assessment Phase.***

Whereas, the Interested Party acknowledges that failure to provide such confirmation will result in the non-binding Capacity Requests being deemed invalid.

Therefore:
