## **1. INTRODUCTION**

### **1.1 The purpose of this Form**

This form specifies the information that must be provided by the Interested Parties in Trans Adriatic Pipeline’s (**TAP**) Non-Binding phase of the Market Test process, pursuant to the Guidelines for the 2019 Market Test of Trans Adriatic Pipeline (**Guidelines**) in order to obtain a non-objection from the Albanian Energy Regulatory Authority (**ERE**) on the compatibility of their non-binding Capacity Requests with the Capacity Caps set by paragraph 4.7.9 of the FJO.<sup>1</sup>

Pursuant to the Guidelines, in order for ERE to be able to evaluate the compliance of the non-binding Capacity Requests with the capacity caps, Interested Parties shall provide to ERE the information set out hereinbelow, as well as any information that ERE may deem to be relevant for this purpose. The submission of the information below to ERE needs to be confirmed by the Interested Party to TAP by ticking the relevant box in the Registration and Non-Binding Demand Indication Form (Appendix A), which means that the deadline for having ticked this relevant box (and thus having confirmed the submission of information to ERE) is the same as for submitting Appendix A to TAP, i.e. within 8 weeks from the start of the Demand Assessment Phase.

In order to ensure a smooth process, it is therefore essential that ERE is provided, in a timely fashion, with all the information required to carry out its assessment.

You may request in writing dispensation (waivers) to provide some of the requested information, in the following cases:

- 1) If such information is not reasonably available to you in part or in whole,
